## **Challenge Met--Matching Phase Begins!**

We are sending out this December e-News early, as Wood Hudson Cancer Research Laboratory has exciting news! Thanks to your support, since November 1<sup>st</sup> we have raised over \$26,000 to support our mission of advancing cancer research and education. This means that we have reached our initial goal in the match campaign, and our anonymous donor has sent through an equivalent amount, doubling the impact of these donations. We are deeply grateful to those of you who have contributed in the first portion of this campaign, and helped us meet the challenge grant to secure the initial \$25,000 grant.

Now, this same generous donor has committed to matching all additional donations received between now and January 31<sup>st</sup>, up to another \$25,000, to complete our \$50,000 Challenge/Matching Campaign. For those of you who are considering a year-end or early year donation, this is a wonderful opportunity to maximize your contribution to Wood Hudson by giving during this doubling period. Please help us continue this momentum and make an impact on both our research and education programs!
