

Wood Hudson Cancer Research Laboratory

November 2024 eNews

From The Board of Trustees

We are excited to be publishing our 2024 Wood Hudson Cancer Research Laboratory Report next week, and so are keeping this November edition of e-News very brief. Note that we will post a copy of the 2024 Report to the website on Monday, December 16th.

Both the staff and board are thankful that Denise has joined Wood Hudson and look forward to having her attend our 4th Quarter Board of Trustees meeting at the end of this week. She is off to a great start! We will provide additional updates in a future e-News about our accomplishments for 2024 and plans for the year ahead.

TODAY is Giving Tuesday!

Today, we join millions around the globe in celebrating Giving Tuesday, a tradition established in 2012 to remind us that the holiday season is about generosity, following the shopping events of Black Friday and Cyber Monday. Nonprofits like Wood Hudson use this occasion to share their mission and inspire support through both financial donations and volunteerism.

For Wood Hudson, this Giving Tuesday carries a special significance as we emerge from a challenging year following the loss of our founder, Dr. Julia E. H. Carter. Her vision and dedication continue to inspire our work in cancer research and education. Please help us keep this mission vibrant in 2025 and beyond by donating today! This year presents an especially exciting opportunity to make a difference through our challenge grant campaign, which enables your contributions to be DOUBLED (see next article)!

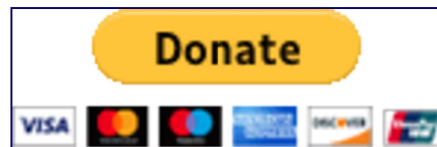

Matching Challenge Update

As announced in our October e-News, a generous donor has offered a \$25,000 challenge grant for all donations through Jan 31st 2025. Once we meet the \$25,000 challenge, the donor will contribute \$25,000 and then match every additional dollar donated, up to \$25,000 more. In total, this could potentially bring in \$50,000 to support Wood Hudson Cancer Research Laboratory's mission. As of today, approximately one month into the campaign, we have

received \$19,775 in donations, bringing us within reach of the challenge level. Your generosity can help us meet the challenge and move to the straight matching phase of the campaign, furthering our ability to continue our work!
