

20th Anniversary Cincinnati Flying Pig—Wood Hudson CRL

May 4th through 6th, 2018

Since 2006, Wood Hudson Cancer Research Laboratory and the Cincinnati Flying Pig Marathon have been charity partners. Money raised from this event helps support our Undergraduate Research Education Program (UREP). The program enables college students to work alongside our scientists doing biomedical research. To date, Wood Hudson has helped over 290 students through UREP with two students in the Spring, 2018 program.

Whether it is through donating your time by running, being a sponsor, purchasing raffle tickets, or donating money directly to the cause, we need your help to ensure this fundraiser is a big success. 2017 showed a near-record collection of \$20,220. We ask your help to beat this record!
